

Same Day Repairs
All Major Brands
Best Warranty

You can't go wrong with our professional staff members. We are fully licensed, insured and factory-certified Technicians to provide you with the best service possible. When you need a top-notch appliance repair in Pittsburgh, we, Pittsburgh Appliance Repairs, have you covered. Our team of experienced technicians will be able to handle any appliance repair need that you may have. To ensure that your appliances last as long as possible, it is important to have them serviced regularly. If you notice that your refrigerator isn't cooling properly or your washing machine isn't draining properly, it is time for an inspection by one of our technicians. We can assess the issue and perform the necessary repairs to get your household back on track again! We also offer maintenance services for those who want to make sure their appliances stay in tip-top shape throughout their lifetime. By having us come out every year or so, you'll be sure that your appliances are always working at their best!
